

CPT® 2020 Updates Are Ready to View in Your TCI SuperCoder Account

2019-10-09

Jumpstart your CPT® 2020 preparations by checking out the changes that affect you most! When you log in to your TCI SuperCoder coding package account, you now can access a list of the CPT® updates effective Jan. 1, 2020.

Here's how: On your Coder or Coding Tools page, select Coding/Upcoming Changes/CPT® from the left-side menu. A new page will open with separate tabs for New, Revised, and Deleted.

With hundreds of changes on the way, you'll want to be sure you know the changes and how to apply them to avoid claims issues in the new year. Smart move: Get tips focused on the new codes you'll be using by choosing a Physician Coder that includes a TCI Coding Alert for your specialty.
