

AHIMA CEUs Soon Offered – Your CEU Quiz Status Clearer Too!

October 12, 2012

SuperCoder will offer AHIMA continuing education units (CEUs) on six publications along with clearer messaging on all quiz results pages. Starting Oct. 15, If you don't pass, you'll have straightforward instructions on retaking the quiz. The next time you pass a quiz, you'll see a satisfying Congratulations page message along with clear instructions on collecting your certificate(s).

If you need AHIMA and AAPC CEUs, you can get both kinds by passing the same quiz. On the AHIMA CEU-approved publications when you pass a quiz, a new option will appear for you to select downloading of AAPC and/or AHIMA certificate(s). If you select both certificate types, a single download will start resulting in individual PDFs of each certificate. For publications that offer only AAPC CEUs, quiz passees will see the new format but have the default selection of AAPC certificate selected. Simply start the download to save your certificate on your system.

Passes will see:

Congratulations! You Passed

You scored x out of x.
Your **correct** answers to the questions are in **green**.
Incorrect ones are in **red**.

Save Your Certificate(s)

Check one or both:
