

Choose a Simpler Approach to HIPAA Compliance â€™ Try the New HIPAA Institute!

2016-04-27

Have you heard about HIPAA Institute? It's a new cloud-based solution from The Coding Institute that makes implementing HIPAA's requirements simpler than you ever imagined.

Designed with medium and small practices in mind, HIPAA Institute uses a unique step-by-step approach to guide you to compliance. As part of this all-in-one resource, you get access to dozens of templates for policies and procedures, forms, and contracts. You also get manuals that spell out the HIPAA rules, standards, and regulations.

Don't miss: If you have questions about HIPAA compliance, check out the Ask an Expert feature. You can submit your question directly to a HIPAA compliance expert and receive a clear answer with supporting information.

Plus: HIPAA Institute provides online training for employees so the whole team truly understands HIPAA and what it means for your practice.

Try it! You can request a demo at www.hipaainstitute.com. You'll see how this online solution streamlines creating and maintaining HIPAA policies and procedures, performing risk assessments, identifying gaps in compliance processes, and keeping your staff members up to date.
