

## Choose Onsite ICD-10 Training That's Customized to Your Needs

July 22, 2015

Did you know SuperCoder offers customized onsite ICD-10 training? Make the most of your training time and budget by selecting from these practical courses that the trainers will target to your needs:

- **ICD-10 Specialty Training:** Choose from 20+ specialty courses that focus on relevant Official Guidelines and education targeting the codes you'll use most often.
- **ICD-10 Training General Overview:** Train on ICD-10 code concepts, structure and organization, and ICD-9 comparisons so you and your team have a solid foundation in ICD-10.
- **ICD-10 Coder Practical Applications:** Benefit from straightforward, how-to advice on tackling the new system, featuring education on billing and technology, ICD-10 basics, structure, organization, GEMs, and ICD-10 coding guidelines.
- **Train the Trainer:** Combine all of the above for comprehensive training to ensure a smooth transition to ICD-10.

Call customer service at 866-228-9252 for more information or to schedule training. Be sure to ask about adding ICD-10 coding manuals to the training bundle.
