

CPT® 2014 News: Gear Up for the New Year Now With Super Coder

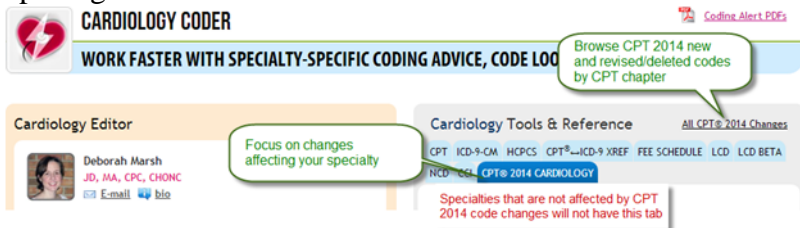

2013-12-02

SuperCoder subscribers are getting a head start on CPT® 2014 prep with access to a comprehensive list of the code changes. New, revised, and deleted codes are listed along with advice for applying each change, helping you to train your team and update your superbills.

To access the complete list, head to the Code Search or My SuperCoder page, scroll to the Coding menu, and expand the CPT® entry. Then click 2014 Code Changes to see the revisions effective Jan. 1, 2014.

Physician Coder subscribers can access the full list from their Coder page's Tools & Reference bar or see only the changes most relevant to their specialty by opening the CPT® 2014 tab.

CPT® 2014 Cardiology

Revised / Deleted					
2013		2014			
Code	Descriptor	Change	Crosswalk Code	Descriptor	Advice
0318T	Implantation of catheter-delivered prosthetic aortic heart valve, open thoracic approach, (eg, transapical, other than transaortic)	Deleted	33366		CPT® 2014 introduced 33366 to replace Category III code 0318T.
33222	Revision or relocation of skin pocket for pacemaker	Revised	--	Revision or relocation of skin pocket for pacemaker	CPT® 2014 deleted the term "Revision" from 33222's descriptor, clarifying the code is
