

Feeling Lucky? Drawing for Free CodingCon 2015 Pass Is Now Weekly!

2015-08-26

The Coding Institute's 13th annual CodingCon is scheduled for December 2-4 in Orlando. With the dates drawing nearer, we've revved up our contest for free main conference registration. Instead of drawing the name of a lucky winner once a month, we're now drawing one once a week!

Enter to win: If you'd like a chance to win a free pass to the main conference sessions, sign up for the drawing at www.codingconferences.com.

Good news: Everyone who attends is a winner because CodingCon offers training by the nation's top coding educators on ICD-10, CPT® 2016, and the coding issues you face day in and day out.

Refresh yourself with interactive sessions featuring memory-enhancing hands-on learning and quizzes. You'll remember every helpful tip and crucial guideline thanks to an atmosphere that's more like a friendly classroom than a lecture hall.

Check out these specialty tracks. If you can't decide, don't worry. You can jump from one to another at any time during the conference.

- Family Practice
- General Surgery
- ICD-10-CM
- Ob-gyn
- Ophthalmology
- Orthopedics

- Otolaryngology
- Pain Management
- Path / Lab
- Pediatrics
- Practice Management
- Urology

For the ultimate in combining stress-relief with learning, be sure to sign up for the Pre-Conference foam rolling and Post-Conference therapeutic taping sessions that combine range of motion exercises and taping techniques with an overview of ICD-10 codes for associated injuries and conditions.

See you there! Join us in Orlando where you can earn up to 18 CEUs, including CEUs for specialty credentials!
