

First 2020 HCPCS Coding Clinic® Covers Updates, Question Submission, and More

2020-03-09

AHA Coding Clinic® for HCPCS, Volume 20, Number 1, starts off by explaining what sorts of coding questions the newsletter can help with (hint: hospital/facility outpatient reporting), and then gets on with the business of offering information and advice. In addition to articles, this issue includes a For Your Information section listing many CPT® and HCPCS Level II code updates for 2020.

Here's a selection of the news and guidance now available from this issue on TCI SuperCoder's Coding Clinic Connector:

- Pass-through device codes: C1734, C1824, C1839, C1982, C2596
