

Look Under Coding/HCPCS for 2016 Code Changes

2016-01-27

To see how HCPCS changed for 2016, Physician Coder subscribers can check the 2016-HCPCS Code Changes widget on their Physician Coder home page. The widget shows new, revised, and deleted HCPCS codes most relevant to that particular specialty Coder. Another option is to start on the SuperCoder Coding Tools page. In the left-side menu, select Coding/HCPCS/2016 Code Changes. You'll open a page with HCPCS additions, revisions, and deletions divided by specialty.
