

Medical Office Biller Will Include Practice Management Alert

May 16, 2013

A new publication **Practice Management Alert** will replace the newsletter included in **Medical Office Biller**. Effective May 2013, be sure to find your newsletter under the new title. These areas will be affected:

- Article titles including previously published ones and search options will change to the new title.
- Newsletter menu access under new title

PDFs and CEU certificates prior to that date will show the associated publication's previous title of **Medical Office Billing & Collections Alert**.

The screenshot displays the 'MEDICAL OFFICE BILLER' website. At the top, it says 'WORK FASTER WITH SPECIALTY-SPECIFIC CODING ADVICE, CODE LOOKUP & TOOLS.' Below this is a search bar with options for 'KEYWORD & CODE SEARCH', 'INDEX SEARCH', 'RANGE SEARCH', and 'DOCUMENT SEARCH'. A search button is labeled 'Search'. Below the search bar are filter options: 'Filter By: All', 'CPT*', 'ICD-9-CM', 'HCPCS II', 'ICD-9-CM Vol.3', 'Modifiers', 'DRG', 'APC', and 'ICD-10'. On the left, there is a profile for 'Leesa A. Israel, BA, CPC, CUC, CMBS' with links for 'E-mail' and 'bio'. A green callout bubble labeled 'Practice Management' points to a 'Practice Management' link. Below the profile is a 'Medical Office Billing & Collections Alert' section with a 'View All' link and a 'GO' button. To the right is a 'Billing & Collections Tools & Reference' section with a search box for 'CPT* - ICD-9 XREF' and 'ICD-9 Cross Refs'. At the bottom, there is a navigation menu with 'Coding Newsletters', 'Coding Solutions', 'Coding Answers', 'Coding Reference', 'Coding Education', and 'ICD-10'. Below the menu is a section titled 'VIEW A COMPLETE NEWSLETTER ISSUE (PDF)' with a grid of links to various coding alerts. A green callout bubble labeled 'Practice Management Alert' points to a link in the grid.

Practice Management Alert

The refocused content will bring you the latest news, updates, and to-the-point analysis on key issues in practice management so you're on track to a compliant and successful practice.

With the continually changing healthcare market, perpetually looming pay cuts, frequent regulatory changes, differing state and federal labor regulations, huge penalties for security violations, and intense scrutiny of state and federal regulatory bodies, physician practices are facing more challenges than ever.

The good news is that, **Practice Management Alert** brings you the latest news, updates, and to-the-point analysis on key issues in practice management so you're on track to a compliant and successful practice.

You'll get must-have, expert guidance in areas such as revenue cycle management, human resources, marketing and public relations, EMR implementation, HIPAA compliance, coding, and much more.

The all-new **Practice Management Alert** has been designed to help you:

- Apply regulations from healthcare reform;
- Market your practice and bring in new patients;
- Hone your leadership and time management skill;
- Implement risk and denials management tactics;
- Navigate compliance and documentation issues; and
- Get much-needed information on complex employment/labor laws.

From HIPAA and security issues to PQRS and meaningful use, **Practice Management Alert**, our comprehensive practice management newsletter, will cover everything you need to avoid practice management landmines to ensure compliant operations and revenue cycle management success.
