

Check Out Who Will Be Heading to CodingCon in Orlando

2015-09-09

Want to see who won free registration to the 13th annual CodingCon main conference sessions? Head to www.codingconferences.com to see the lucky winners and sign up for a chance to win your own free pass!

What makes CodingCon the best? The Coding Institute's CodingCon features interactive sessions with the nation's top coding educators on ICD-10, CPT® 2016, and your specialty's top coding and practice management issues. You'll be able to remember every tip and guideline thanks to hands-on learning techniques and coding challenges. Plus you can earn up to 18 CEUs, including CEUs for specialty credentials!

Come enjoy sunny Orlando in December to refresh yourself with an atmosphere that's more like a friendly classroom than a lecture hall. If sessions in more than one of these specialty tracks appeal to you, don't worry. You can jump from one to another at any time during the conference.
