We cover Lyrica® (pregabalin) when ONE of the following criteria is met¹:

- A diagnosis of fibromyalgia
  
  OR

- There must be evidence of a paid claim or physician documented use** of gabapentin within the previous 180 days.
**Exception requests based exclusively on the use of samples will not meet coverage criteria for Lyrica®. Additional clinical information demonstrating medical necessity of Lyrica® must be submitted by the requesting prescriber for review.**

We do not cover Lyrica® (pregabalin) when the above criteria are not met.

**CPT Codes / HCPCS Codes / ICD-9 Codes**
The following codes are included below for informational purposes. Inclusion or exclusion of a code does not constitute or imply member coverage or provider reimbursement. Please refer to the member’s contract benefits in effect at the time of service to determine coverage or non-coverage as it applies to an individual member. A draft of future ICD-10 Coding related to this document, as it might look today, is included below for your reference.

Providers should report all services using the most up-to-date industry-standard procedure, revenue, and diagnosis codes, including modifiers where applicable.
